

# ALL GUTTERS STAIN & STREAK!

- 1) Gutters are the first trim on a house to stain and streak taking away that nice new look.
- 2) Most gutters begin staining immediately after installation (look around your neighborhood).
- 3) That black streaking, known as Tiger Striping, continues to worsen until the gutters are a dark solid stain.
- 4) Built-up gutter staining is *almost impossible* to remove after a few short months.

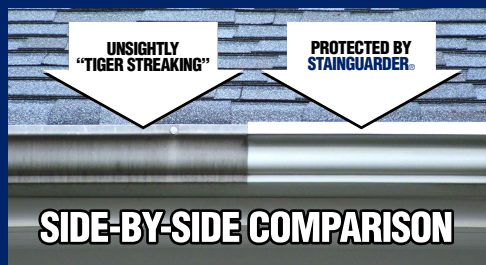

**THIS STREAKING OCCURRED AFTER ONLY 9 MONTHS**

**STAINGUARDER® PREVENTS STREAKING AND STAINING,
